Will We Then Have Captive Balloons to

garden pole. It is the lofty clothes pole with pulley lines, upon which people hang clothes without ever stepping foot upon the ground at all, that has come now to be the characteristic pole of the great city and, to the greater number of its people, the only pole known by that name. And as flats and apartments continue to displace the houses in whose backyards the old time poles may yet be used, so will the high towaring poles continue to supplant the towering poles continue to supplant the

shorter ones.

"What will the next step in the clothes pole's evolution be? It will disappear entirely.

"With flats still soaring upward in height with flats still soaring upward in height." the time will come when no clothes poles can be found high enough for them, when every flathouse will have for the common

can be found high enough for them, when every flathouse will have for the common use of its tenants a drying room, or when a part of the equipment of every flathouse will be a captive balloon, by means of which on washdays the clothes will be taken up into the upper air to dry.

"Starting from the ground, the captive balloon will stop at the various floors on the way up to take on the washings, which, when the balloon has got well clear of the roofs, will be spread out on long bars, like extended trapeze bars, suspended below the balloon, to dry. And when the clothes are dry the balloon will be hauled down and the clothes delivered to their several experse on the various floors, in reverse order, from the roof down.

"And then indeed the clothes pole will have been evoluted out of existence altogether, at least so far as the greater cities are concerned, save as it may remain in the memory of the older inhabitants."

LYNCHED IN SOUTH CAROLINA. Negro Who Assaulted a Young White Woman Put to Death by a Mob.

COLUMBIA, S. C., Nov. 28 .- Brief details of an attempted assault upon a young white woman late yesterday afternoon by a negro at Rose's, a small town in Dorchester county, and the subsequent lynching of the negro early this morning have just been received. Neither the name of the young woman nor that of her assail nt

The news of the attempted assault spread rapidly and before nightfall citizens from the adjoining towns and country had gathered at Rose's and immediately began search for the negro. At 1:30 o'clock this morning a pack of bloodhounds was put on the negro's trail and before daylight he was traced to his cabin. Speedily he was brought before his victim and was identified. The mob then took him to a nearby body riddled with bullets.

OLD COUPLE OVERCOME BY GAS. Man From the Gas Company Found Them After He Discovered a Leak.

Some one in the tenement at 161 West Sixty-second street smelled gas early yesterday morning and traced it to the basement. He notified the gas company and some time later a representative found that the leak was in a pipe which was directly under the apartments of Christian Druck, a sheemaker, 82 years old, who lives with his wife, Katherine, a year younger, on the base-

ment floor.
The gas company man rapped on the door of their apartment and, receiving no response burst it in. He found the old couple in bed unconscious. He sent word to their married daughter, Mrs. Louis Haldman, who lives in the building, and also notified the police of the West Sixty-eighth street station. The couple were taken to Roosevelt Hospital and it was said there last night that they would probably

SINGER TAKES A WIFE.

At the City Hall Maybelle Lawson Is Made Mrs. Harry Kaskel.

A tall young woman accompanied by a man who seemed to be in prosperous circumstances called yesterday at the Marriage Bureau of the City Hall and asked to be married in a hurry. The bride said she had to appear in an hour at a matinée performance at the Olympic Theatre, 129th street and Third avenue, of the Fay Foster Burlesque Company, of which she was a member. She gave the name of Maybelle Lawson, while the man was described on the certificate as Harry Kaskel, a singer. The couple were married by Alderman Harburger.

Alderman Harburger.

Manager Oppenheimer of the burlesque company said lest night that there was no Maybelle Lawson in the company, as far as he knew. Haskel, he said, was a vaudeville singer. There is an "Amelia Lawler" in the company, but she says she isn't married.

ver, Andrew Barbieri declared that he would spare no expense in equipping a regiment to fight on the Divver side. He took an active part in that campaign and made several big wagers on the result of that primary election. He made one bet of \$5,000 even that Divver would win.

When Divver lost, Barbieri's friends said the nimery was irregular, and advised him.

When Divver lost, Barbieri's Friends sain the primary was irregular, and advised him to go to court to save the money which he had lost in bets. Barbieri engaged counsel to fight the case in the courts, and on the advice of a backer of Foley, it is alleged, the money put up by Barbieri was returned to him.

Why It Should Appeal to Everybody Who Cares for Piano-music

THEREVER THERE is a piano-in the home, the club, the school--no matter by whom played or how little, or how much-there should be the Metrostyle Pianola.

Unlike any other automatic instrumentality for playing the piano, it appeals to everybody who cares anything for that kind of music:

TO THE VIRTUOSO, who will appreciate the combination of a marvelous Technique, extending to a repertoire incomparably greater than that of any one performer, with a suggested interpretation which he is free either to follow or discard, but which is intelligent, and often by the highest possible authority;

TO THE TEACHER, who will find in the Metrostyle expression-line such ideas as to interpretation as language is utterly incapable of conveying, illustrations of musical style and temperament invaluable in imparting knowledge;

TO THE STUDENT, because of hundreds of compositions of the great masters which are not only his to play, but each one accompanied by a suggested interpretation, thus presenting more material for practical study than is afforded by any number of concert-rooms;

TO THE NOVICE, who is not only able to play intricate pieces of which he does not know a note, but by following carefully the Metrostyle interpretation-line, to play them as they are played by skilled musicians, an accomplishment otherwise impossible.

In many matters of mechanical detail the new Pianola is a marked improvement upon the original model; but it is in its new and exclusive power of suggesting a detailed interpretation of the most difficult compositions that has made it an achievement without parallel.

BOSTON, Nov. 28 .- Harry Mansfield, a young broker, formerly of Rockland, Mass.. but now living in New York, was arrested last night in Rockland on the charge of stealing \$500 from two Rockland men. Mansfield formed a brokerage concern with Frederick T. Ball in Rockland last April and succeeded in getting about thirty clients to contribute \$15,000 for a pool in the stock market. In July, when no profits had been rendered from this pool, the investors hinted that an accounting would be desirable.

The accounting was brief. The men in the pool were informed that the \$15,000 was gone, as the city broker with whom the local firm did business, had failed. Mansfield closed the Rockland office, saying that he

Mansfield was bailed out in \$2,000 by friends last night and went to New York, where it is said he is managing an information bureau on stocks.

REWARD FOR HOBBINS. Wife of the Missing Church Treasurer Will Pay \$100 for News of Him.

The wife of Joseph H. Hobbins, the treasurer of St. Alban's Church at High Bridge, who has been missing since Tuesday, notified the police yesterday that she would pay a reward of \$100 for her husband's body or a reward of \$100 for her husband's body or for reliable information concerning his whereabouts. An immediate result of the announcement was the appearance of Louis MacKase, who suddenly remembered having seen Hobbins walking toward the Harlem River last Tuesday afternoon, with "a very scary expression on his face."

The Rev. Richard H. Wevill will have something to say about the case in his sermon at St. Alban's Church to-day.

From the Halls of Old Virginia

we have created some beautiful reproductions of early Colonial Furniture. The deep seated "R.leigh" Sofa, the high back Queen Anne Chair, the cushioned Fireplace Settles, and the long Study Tables-all expressive of earnest welcome, and built on the first theory of perfect workmanship and purity in design.
